

## What's New in Degree Works?

- An overall new look and feel- focuses on the user experience (the look, feel, and navigation capabilities)
- A new responsive dashboard which now includes
  - A circular Degree progress section displaying requirements and percentage complete
  - In-progress and pre-registered classes that can sorted by term
  - A combined Look Ahead and What-If audit
  - Fully responsive on a mobile device

The screenshot displays the Degree Works interface for a student. At the top, there are search filters for Student ID, Select Student, and Degree (Bachelor of Arts). Below this is an 'Advanced search' section with tabs for Level (Undergraduate), Classification (Senior), Major (Classics), Program (BA in Liberal Arts & Sciences), and Concentration (Latin). The main dashboard includes an 'Academic' section with a 'What-If' audit date of 09/01/2021 at 8:12 AM. A 'Degree progress' section shows a 93% completion rate and an Overall GPA of 2.03. There are also indicators for 'In-progress classes' and 'Preregistered classes', both marked with checkmarks, and a 'PROCESS' button. The bottom section shows the 'Bachelor of Arts' degree status as 'INCOMPLETE' with a list of requirements: 'You meet the minimum GPA requirement', 'General Education Requirements', 'Liberal Arts and Sciences', 'Foreign Language Proficiency Required for Degree', and 'Major Requirements' which is still needed. A 'Still needed' section indicates that 32 credits are needed, with a link to 'See Major in Classics section'.

- Advancements to the Student Education Planner
  - Additional Course Link functionality
  - Remaining requirements that are shown in the Still Needed display of the planner
